**THE WORLD'S BIGGEST HORSE HELPS KELLER HOMES AND *EXTREME***

***MAKEOVER: HOME EDITION BUILD THE BARRETT'S DREAM HOME***

COLORADO SPRINGS (July 12, 2005) – **Radar**, the world's biggest horse became part of ABC's *Extreme Makeover: Home Edition* family today when he helped to tear down the walls of the old Barrett family farmhouse to make way for an extraordinary new Keller home. Their new house will be plenty big enough for their extended family that includes their two biological and four adopted children.

Radar, a giant and gentle Belgian Draft Horse, was harnessed to giant leather straps and literally pulled down several walls at the front of the Barrett farmhouse. Weighing in at 2750 pounds and a remarkable almost 20 hands high, Radar will be inducted into the 2006 Guinness Book of World Records for being "the biggest horse in the world."

The *Extreme Makeover: Home Edition* design team, Keller Homes and a crew of more than 2000 skilled subcontractors and volunteers will build a classic, contemporary Colorado farmhouse in just one week.

"We're going to build a home that reflects the heritage and sensibilities of the Colorado prairie – a solid, practical, timeless home with as much warmth, heart and character as the family who has come together to share it," says Dave Keller, President and CEO of Keller Homes.

One of the highest rated series on ABC, "Extreme Makeover: Home Edition" is produced by Endemol USA, a division of Endemol Holding. David Goldberg is the president of Endemol USA. The series is executive-produced by Tom Forman. The show airs Sundays (7:00-8:00 p.m. MDT), on the ABC Television Network.

Keller Homes was founded in Colorado Springs in 1983. It is still a privately held company with over 75 professionals on staff, building a few hundred homes each year. As an independent, private company, Keller prides itself on being nimble innovative, and service-driven. For more information go to [www.kellerhomes.com](http://www.kellerhomes.com)
